THE NO. 1 HOTEL IN SPAIN & PORTUGAL: ALMAVIVA BARCELONA

It's wonderful if an environment is so dry that this year has been a huge difference to others. Voting for the 2020 Readers' Choice Awards – the second year running that we've teamed up with our sleep side in the USA – took place during lockdown, when the thought of going anywhere further than the local shops seemed like a dream. But you responded. In your thousands, telling us the locations, the hotels, spas and villa rentals, the countries and islands that you love and would return to in the blink of an eye – along with your favorite means of getting there. The star operators whose experience and advice can make us break a habit. The airlines that, as we go to press, have only just returned to the air. And so, while these awards are often cause for celebration, we feel that this year they serve as a reminder of the wider world out there as well. We have also included some pull-out lists for UK staycation islands, and for European cities such as Rome, Venice and Paris. These are the addresses to request, just together by you, our readers whose curiosity drives us to explore and seek out new places, and revisit familiar ones with a fresh eye. All of them under our sky.
